2016/17

Ensuring positive futures for children & young people in Scotland

# Contents

---

This is SCRA's Online Statistics for the period 1 April 2016 to 31 March 2017.

This report is designed to complement the Statistical Analysis, breaking down some of the information to local authority level through numbered tables within the report.

The report has been changed for the 2016/17 year for two reasons;

- Firstly, referral counts which could lead to the identification of individuals have been removed with the report focussing on child counts instead.
- Secondly, tables around children referred have been reduced to remove duplication while more detailed information around Pre-Hearing Panels, Hearings, Hearing decisions and Compulsory Supervision Orders has now been provided.

The data has been produced using sound, proven and robust methodology and represent the data available to us at run date 19/07/2017.

## Important notes regarding SCRA data

<b>Children and Young People</b>	Children and young people can be referred to the Children's Reporter from birth to 15 years. They can also be referred aged 16 and 17 years if they are subject to Compulsory Supervision Orders, have an open referral or are remitted by a court. In this report, where table headers read children this includes young people aged 16-17.
<b>Counting children and young people</b>	A child or young person may be referred to the reporter during the year more than once in each category. For example, a child may be referred from the same and/or different agencies on the same and/or different grounds. For this reason, the sum of the children in the tables will be larger than the total shown.
<b>Counting referrals</b>	Children may have multiple referrals to the Reporter throughout the year. Similar to counting children, a referral may have multiple grounds and hence multiple outcomes. For this reason, the sum of the referrals in the tables will be larger than the total shown.
<b>Counts of less than 5</b>	Any counts in this report between 1 and 4 are replaced by "<5". This is to ensure the anonymity of the data. Secondary suppression of data, using the next highest number where low numbers can be identified by using totals, is also undertaken where necessary to ensure anonymity.
<b>Grounds for referral</b>	The reasons (grounds) under which children are referred to the Reporter are those set out in section 67(2) of the Children (Scotland) Act 2011 and are given in full in Annex 1. Summary table 1b shows the numbers of children referred to the Children's Reporter, and the associated number of referrals in the year for each ground of referral. The Children (Scotland) Act 2011 came into force 24th June 2013, replacing the Children (Scotland) Act 1995.
<b>Agencies reasons for referring children</b>	Children are referred to the Reporter under the Children (Scotland) Act 2011 if it is believed that compulsory measures of supervision may be necessary to protect the child and/or address their behaviour. Anyone can refer a child to the Reporter, however, referrals come from five main sources – the police, social work, education, health and courts. Summary table 1a shows the numbers of children referred in the year from each source of referral, and the associated number of referrals for all grounds of referral.
<b>Gender</b>	The gender of a small number of children may not have been recorded. For this reason, the total of the male and females referred may be less than the totals shown. The total includes those children whose gender was not recorded.
<b>Age</b>	The age shown in the report is the age of the children at the point of their referral being received by the Reporter.
<b>Referral Types (offence/non-offence)</b>	The reporter groups the grounds of referral into two broad categories. These are offence and non-offence referrals. Offence referrals constitute those referrals that contain (i) grounds under section 52 of the 1995 act or (j) grounds under the 2011 act. Non-offence referrals constitute referrals that have grounds other than 1995 (i) or 2011 (j) grounds. These are also referred to as Care and Protection referrals by some agencies.
<b>Joint Reports to Procurator Fiscal and the Reporter (not in custody)</b>	Where a child is alleged to have committed an offence described in the Lord Advocate's Guidelines (To Chief Constables: Reporting to Procurator Fiscals of Offences Alleged to have been Committed by Children), the police will make a joint report to the Procurator Fiscal and the Reporter. Table 9 shows the number of joint referrals and the number of children with joint referrals in the year in each local authority area. Following discussion with the Reporter, the PF will decide whether to deal with the case or refer it to the Reporter.
<b>Decisions made by the Reporter</b>	Reporters investigate as necessary each referral received and then make decisions about whether to arrange Children's Hearings based on assessment of the need for compulsory intervention (section 56 of the Children (Scotland) Act 1995). Reporters can also make other decisions, such as to ask the local authority to provide voluntary advice, guidance and assistance to the child, to take no action because there is insufficient evidence, or to take no formal action because other intervention is more appropriate. Table 10 shows the number of children with a Reporter decision in the year in each local authority area.

## **Important notes regarding SCRA data**

<b>Children's Hearings and Pre Hearing Panels</b>	Children are referred to Children's Hearings when the Children's Reporter decides that compulsory measures of intervention may be required to protect the child and/or address their behaviour. Children's Hearings are held to decide what measures are needed for children referred and to review the cases of children who are already subject to compulsory measures. Children's Hearings may also be held to provide advice to and deal with remits from court. Table 11 shows the number of Children's Hearings held in the year in each local authority area. This can include the deeming of relevant persons and the appointment of Safeguarders. Pre-Hearing Panels are held to discuss matters regarding attendance at Children's Hearings.
<b>Child views/ All about me forms returned</b>	Prior to a child or young person attending a Hearing, they are able to express their views either through SCRA's All about me form or through social work's child views form. These are shown in table 11.
<b>Hearing Decisions</b>	Table 13 shows the decisions made by Children's Hearings on children in relation to cases decided at Hearings in the year (for all grounds of referral) in each local authority area. The reasons (grounds) under which children are referred to the Reporter are those set out in section 67(2) of the Children (Scotland) Act 2011, and are summarised in Summary table 1b and given in full in Annex 1.
<b>Compulsory Supervision Orders</b>	Compulsory Supervision Orders are the most common form of compulsory intervention made by Children's Hearings. It is the statutory responsibility of local authorities to implement Compulsory Supervision Orders. Compulsory Supervision Orders must be reviewed at least annually by Children's Hearings. Table 14 shows the number of Compulsory Supervision Orders made and terminated in the year and the number in place at 31st March in each local authority area.
<b>Child Protection Orders (CPOs)</b>	Children's Hearings can make short term interventions to address emergency and/or high risk situations where measures must be put in place immediately to protect children. Children's Hearings consider Child Protection Orders that have already been granted by the Sheriff, to decide if they should be continued or varied. A Hearing may also decide not to continue a Child Protection Order. If continued by a Children's Hearing (or Sheriff), a Child Protection Order lasts for eight days. A Child Protection Order authorises emergency measures to protect a child, for example the immediate removal of the child from home to a place of safety. Table 15 shows the number of children with Child Protection Orders received in the year in each local authority area.
<b>Interim Orders</b>	Children's Hearings and courts can make short term interventions to address emergency and/or high risk situations where measures must be put in place immediately to protect children or address their behaviour. Interim Orders must be reviewed every 22 days. Table 16 shows the number of Interim Orders made and the number of children involved in the year in each local authority area.
<b>Proof Applications</b>	If the child and/or their relevant persons do not accept some or all of the grounds for referral which form the basis of the Children's Hearing, or the child does not understand the grounds, the Children's Hearing may direct the Reporter to apply to the Sheriff to establish the grounds for referral. Table 18 shows the number of children and young people with proof applications determined in the year in each local authority area.
<b>Appeals</b>	Children and/or their relevant persons can appeal to the Sheriff against decisions made by Children's Hearings. Table 19 shows the number of appeals concluded in the year in each local authority area.
<b>Non-disclosure Orders</b>	Orders issued may be subject to non-disclosure conditions, where the child's whereabouts are not to be disclosed to named individuals. These are shown in table 20.
