

Making a referral to the Children's Reporter?

The GIRFEC National Practice Model recommends that practitioners consider these five key questions ...

1 **What is getting in the way of this child or young person's wellbeing?**

2 **Do I have all the information I need to help this child or young person?**

3 **What can I do now to help this child or young person?**

4 **What can my agency do to help this child or young person?**

5 **What additional help – if any – may be needed from others**
